

My dear CNItes, Parents, Staff and Well-wishers,

I hope you and your families are safe and healthy!

We have successfully concluded another term of virtual classes. I feel happy and contented with the way the academic and non-academic activities are being carried out at our esteemed institution. This would not have happened without the commitment and support from the staff, parents, and the students.

This Christmas brings in more joy and happiness to the CNIS family- firstly, by the realisation of the brand new CNIS campus and secondly, through the recent academic achievements that CNIS has made!!

My dear students, the new campus is put up with all modern and state-of-the-art infrastructure facilities for you. It promises you unlimited possibilities of growth. Make use of the opportunities and bring out the best in you. Let's keep our heads up and together make learning, a pleasurable experience.

We have once more embraced the prestigious World Topper and India Topper titles for the Cambridge IGCSE Mathematics and AS Level Biology in the March 2021 exam series. I take this opportunity to congratulate CNite Lizza Kodiattu Jacob and CNite Justin Philip Prasad for their commendable achievement.

Dear CNItes, be very proud of these achievements, get inspired and bring accolades to your school. These accomplishments are results of planned efforts, dedication, perseverance and team work. I am privileged to be a part of such a team of highly capable and dedicated people.

I wish all of you a very happy and blessed Christmas. Enjoy the festivities of the season and spend quality time with your loved ones.

Merry Christmas and may you all have a happy, healthy and successful New Year!!

God Bless You!
God Bless CNIS!!

**Fr. Principal
CNIS**

Christ Nagar International School's New Campus Inaugurated!

On Sunday, November 14, 2021, Christ Nagar International School held its official Blessing Ceremony for the new school building. Honourable Minister of Education Shri. V Sivankutty, Honourable MLA Shri. Kadakampally Surendran, CNIS Principal Rev. Fr. Thomas Chennattusserry CMI, Manager Rev. Fr. Paul Mangad CMI, Provincial Rev. Fr. Sebastian Chamathara CMI, Vice Principal Rev. Fr. Tinto Pulinchuvallil CMI, Principals of Sister Schools and other distinguished dignitaries joined the pupils, staff and parents at the Kazhakootam campus to perform the blessing and inaugural ceremony.

The school building has impressive architecture and modern facilities. The campus is spread over 5.5 acres of land. The school is a 6-storey building of a 60,000 sq. ft. area with capacious, and airy classrooms and laboratories. The campus also includes a large theatre with ample seating capacity along with a vast and well-stuffed library.

The school building was ceremoniously inaugurated by the Honourable Minister of Education, who cut the ribbon and lit the lamp. Rev Fr. Dr Thomas Chathamparambil CMI, blessed the school by offering prayers to the God Almighty.

The Principal, Rev. Fr. Thomas Chennattusserry CMI, welcomed the gathering and expressed gratitude for their presence at the auspicious occasion.

Rev. Fr. Sebastian Chamathara CMI, in his presidential address reminded young CNItes of their mission to live out values of love, compassion, and service, both in school and in a wider community.

The Honourable Minister for Education, Shri. V Sivankutty, highlighted the principles of democracy by emphasising the need to be committed in providing quality education to the children in his keynote address. Rev. Dr Thomas Chathamparambil CMI, enlightened the audience by a goodwill message with ample emphasis on the noble notion of benevolence. Honourable MLA Shri. Kadakampally Surendran, felicitated the occasion with an inspiring speech on the importance of being goal oriented. Manager of Christ Nagar group of institutions Rev. Fr. Paul Mangad CMI, delivered a regarded insight on Christ Nagar Group of Institutions' relentless contribution in the field of education.

The program was followed by a melodious note of flute recital by CNIS faculty member Mr Anish J S, who dedicated the tunes to the children of the school and wished them a happy children's day.

The construction team of the new school building was honoured by plaques of appreciation given by the dignitaries on the stage.

Academic Coordinator Ms Ambili Gopalakrishnan, proposed the vote of thanks and pledged that the new school looks to a better world.

Guests were served refreshments as they toured the beautiful building and classrooms. The new school campus, with its modern architecture, promised the best educational experience. The ceremony heralded the dawn of a new era for the school and its students.

CNIS on a Success Spree!

India Topper

CNite Lizza Kodiattu Jacob has achieved "Cambridge Outstanding Learner Award". She received the recognition of being the "India Topper" for AS Level Biology March 2021 session.

Truly said, "Achievement does not require extraordinary ability. It comes from ordinary abilities applied with extraordinary persistence". This has been proved by the outstanding performance of Lizza in Cambridge ASL exams. She has always been a dedicated student who consistently focussed on improving herself in whatever she did. Bagging one of the prestigious Cambridge awards, "Top in Country" in Biology clearly reveals her zeal in the subject, commitment and focus towards her goal in life. Biology has always been her favourite subject and I, being her teacher, feel delighted and greatly honoured with her remarkable achievement. She is one of the school's brightest and most competent students of the current AL batch having a promising future. I see her having a very bright future in the fields of Biology and will be desperately waiting to see what greatness she will accomplish in the future.

Ms. Manisha Bhandari
Biology Teacher

I'm truly grateful for all the time I've spent at CNIS, and this has been a cherry on the top. Our school and teachers were wonderfully supportive through that unforeseen year of online classes. With our principal's guidance, we were able to keep the tempo of our studies, health and fun throughout the year. My classmates have always been super helpful at all times, and I owe much of this to them and Manisha ma'am, who thoroughly prepared us. Thank you to CNIS and my teachers, for leading us to cultivate interest in the subjects we learn and in doing the best we can for ourselves and those around us.

CNite Lizza Kodiattu Jacob, Grade XII
India Topper

Thank you CNIS for playing such an important role in moulding our children. CNIS taught our children to learn with curiosity and interest; to enjoy their subjects and relate what they've learned to the world around them. The atmosphere of the school, the encouragement and support of the teachers and the camaraderie of Lizza's classmates are all reasons for this happy turn of events.

Rachel George and Jacob Koshy, Parents of CNite Lizza

World Topper

CNite Justin Prasad of Grade XI has secured 100% marks in IGCSE March 2020 series and has been crowned the World Topper. He has completed his IGCSE from The King's School, Kollam.

It was a pleasant surprise when I came to know that I have got the World Topper award in Mathematics. It wouldn't have been possible without the guidance and the constant support I had received from my teachers. They were always available and accessible to me whenever I needed their help. I must thank my classmates too for being there for me for literally anything. And I am most grateful to my parents for constantly supporting me and providing umpteen opportunities in my life. Above all, I firmly believe this recognition as a gift of God.

Achievements

CNite Adithyan S Neelamana of Grade XII cracked the SAT. The SAT is a standardised test widely used in the United States for college admissions. Adithyan scored 1570 out of 1600 which is the 99th percentile from millions of test-takers around the world.

CNite Romit Nair of Grade IX bagged a "Special Mention" at the Christ Junior College Model United Nations (CJCMUN) Conference organised by

Christ University, Bangalore. Romit represented the Islamic Republic of Iran in the Social, Cultural and Humanitarian Committee (SOCHUM). The Conference was held online on 9 and 10 October. The CNIS delegation at the Conference comprised 19 Delegates.

CNite Adithyan S Neelamana of Grade XII and CNite Lekshmi Nataraj Ciby of Grade XI won the Best Delegate awards at the Lecole Chempaka International Model United Nations Conference held on 22 and 23 November 2021. CNIS stood out as the best delegation, bagging the Best Delegate awards in both the committees at the Conference.

CNlTe Manu Gautam of Grade XII won the Under 18 championship in Thiruvananthapuram District Tennis Championship. Manu had participated in Men's singles, doubles and boys Under 18. This was the selection tournament for the Trivandrum district team to play for the Inter-District Tournament coming up in January 2022.

CNlTe Ephinoah Oomen Richi of Grade IX finished fourth in the Under 16 Singles category and third in the Under 18 Doubles category in Kerala State Tennis Championship.

Achievers Felicitated!

CNlTe Lizza Kodiattu Jacob of Grade XII, the Country topper in Biology and CNlTe Justin Prasad of Grade XI, the World topper in Mathematics in IGCSE March 2020 were felicitated in a function at the new campus. The ceremony was presided over by Principal Rev. Fr. Thomas Chennattusserry CMI, and Vice-Principal Rev. Fr. Tinto Pulinchuvallil CMI. Parents of CNlTe Lizza Jacob and CNlTe Justin Prasad attended the event. The principal used the occasion to congratulate the awardees and encourage the students to strive for greater heights. CNlTe Adityan Neelamana, the School Leader, praised the awardees.

Dr. Sabitha P.R, Head of the Higher Secondary Section, expressed her joy and applauded the students. Their proud parents extolled their ward's achievement. During the assembly, CNlites who had won awards in co-curricular activities were also congratulated. Dr. Sabitha P.R. presented the medal for Romit Nair, Grade IX, who bagged the special mention at the Christ Junior College Model United Nations Conference, which was organised by Christ University, Bengaluru. Junior School Section Head, Ms. K Preeti presented medals and trophies to CNlTe Ephinoah Oomen Richi of Grade IX who finished fourth in the Under 16 Singles category and third in the Under 18 Doubles category in the Kerala State Tennis Championship. Everyone shared in the joy of CNlites' accomplishments and the journey embarked by the new school.

Memorable Day at the New Campus

Students from Grades V to VII were taken to the new Kazhakootam campus where their first live assembly was held. Students were ecstatic to

see the new campus, and their excitement was contagious throughout the day. They had regular periods after the assembly and truly enjoyed their offline classes. The students were also delighted to see their friends and teachers.

CNlites had a fun time during the break periods too where they could explore the whole campus and spend time with their friends. They simply loved the new building. The students returned with the promise of revisiting the new campus. It was indeed a memorable experience for all of them who took back pleasant memories of the campus.

Happy Teachers' Day

Teachers' Day at CNIS is no mere celebration; it is a day for highlighting and recognizing the importance of a teacher in a learning environment. The pandemic was no hindrance for CNlites this year also. The Student Council took up the responsibility of presenting a video on 5 September 2021 which kicked off with a re-enactment of Dr. Sarvepalli Radhakrishnan, on whose birthday Teachers' Day is celebrated.

Our Beloved Principal, Rev. Fr. Thomas Chennattusserry CMI, graced the assembly and spoke about the need for teachers in a day and age such as this. The Student Council presented a line-by-line message for the teachers bringing out their exceptional role in nation-building.

The Real Heroes!

Grandparents' day this year was commemorated with a video by students of Grade XI, reminding all once again how grandparents are the founders of a loving legacy; keepers of family traditions that linger on cherished memories, who make the world a little softer, a little kinder and a little warmer by being a family's strongest foundation.

The assembly introduced the viewers to Mr Kurian Mathews, grandfather of CNlTe Hannah Mathews of Grade XI, who gave a truly inspiring speech on the role of grandparents in the lives of the younger generation which was followed by the insightful wisdom from the grandparents of CNlTe Gabriela Fernandez of Grade XII, CNlTe Justin Prasad and CNlTe Lekshmi Natraj Ciby of Grade XI, outlining the values one requires.

CNlTe Gabriela presented a poem written by her which was dedicated to all grandparents. Further enriching the video, students led the viewers down a memory path of them with their beloved grandparents through a montage of pictures of them. The video was a humble effort by the students showing their gratitude to the Almighty for being blessed with grandparents in their lives.

Gandhi Jayanthi

This year's Gandhi Jayanti commemoration was presented by the students of Grade VI through a motivational video prepared under the guidance of the teachers on 2 October 2021 this time as well.

Memories and descriptions of Gandhi were showcased through the artistic talents of the children. It included students' dance,

instrumental music, acting, and speeches about Gandhi.

There was great co-operation and encouragement from the parents and, above all, from the School Principal Rev. Fr. Thomas Chennattusserry CMI who graced the occasion with a heart-warming message.

Better Teachers of Tomorrow!

Talent's day was celebrated on 6 September 2021, as part of Teachers' Day, with new Student Teachers taking over online classes with their new methodologies.

A stunning poster was designed to inform all the students about the event. The video included the handing over of "The Wheel" to the Student Principal and Student Vice-Principal by the School Principal Rev. Fr. Thomas Chennattusserry CMI followed by the flag hoisting ceremony and a short speech by the Student Principal and Student Vice-Principal. The video also presented the Student Teachers along with their chosen subjects and was posted on the same day morning when the event was conducted.

Student Teachers from Grades X, XI and XII took live, half-hour classes for students from KG to Grade X after selecting topics and preparing lesson plans on them under the guidance of assigned subject teachers. Students of KG had only one period. The Student Principal CNite Rohan S Kumar of Grade XII and the Student Vice-Principal CNite Nivedita Sanalkumar of Grade XII visited most of the online classes.

Evaluation of each Student Teacher was done by the evaluator teachers. The results were announced on 7 September 2021. The winners were categorized as "Best Student Teacher- Overall", "Best Teachers" in each subject (from Grades VI to X), "Best Student Teacher in Junior School" (Grades I to V), "Runner-up in Junior School" and "Special Appreciation" to Student Teachers of Kindergarten with CNite Gabriela Brigita Fernandez of Grade XII selected as the "Best Student Teacher- Overall".

Talent's day was my first time teaching younger grades and I met some of the most dynamic and quick-witted of CNIS's students. Spending time in a classroom as a teacher rather than playing the usual student role was far more stimulating and refreshing than I thought it would be! It gave me a big insight into being a teacher, especially during these unprecedented times where anything and everything study-related has moved online, creating a challenging and demanding period for educators around the globe. I'm glad to say that through this teaching experience, I have not only understood what it takes to be a teacher but also learned what it means to be an engaging and questioning learner. To conclude in the words of Mark Van Doren, I quote "The art of teaching is the art of assisting discovery."

**CNite Gabriela Brigita Fernandez, Grade XII
Best Student Teacher (Overall)**

Our annual Talent's Day was a wonderful experience for all my peers and I, to really learn and understand what being a teacher really takes. From making lesson plans and researching our given topics to fully understanding the behind the scenes work that our wonderful teachers do, the opportunity to take two classes for assigned Grades was personally a lot of fun, discussing my topics with my classes.

I taught kennings to my Grade IV students who were all effervescent and excitable in the face of my mediocre pedagogy. I was once again in awe of my teachers who manage to both teach and maintain the atmosphere necessary for teaching. My next class with Grade VII was a challenge in its own right with my students being quieter and calmer, it required a lot more needling for the class to reach the potential it was capable of. It was only after class that I truly recognized the profound effect teachers are capable of having on us and it only made my gratitude towards teachers increase.

**CNite Aparna R Syam, Grade XI
Best Student Teacher - English**

Every year as I prepare for Talents' Day the same thoughts go through my mind-How do our teachers manage to do this on a daily basis for multiple classes? We only teach one or two but still, we experience and see the huge amount of work that goes into each one.

This was my third time teaching and each year is as always, a new experience. This year I had the opportunity to teach Grade X and Grade V and to interact with them which is usually not possible due to the online situation of school right now. It was amazing to witness the energy of the classes, especially those in primary school. Though I was worried at first that my material wouldn't be enough, the 30 minutes I had per class flew by and before I knew it, it was over. I thoroughly enjoyed myself and had lots of fun teaching.

**CNite Manu Gautam, Grade XII
Best Student Teacher - Mathematics**

This as a whole, was a great experience for me as well as my fellow student-teachers. I speak on behalf of everyone when I say, teaching is a "Golden Phenomena" as I call it. When you prepare for the class, you may feel like you're nervous or tired and that you'd question your teacher persona but the moment you enter that class, the bliss of teaching the little ones to the early high schoolers wipes away all of that. One thing students today don't realize is that the effort that goes into each class, from preparing your PowerPoint Presentations to the extensive research required to make our class more informative is not easy, far from it. So CNites, let's start from here, a new initiative to thank our teachers, not only during teachers' day... but every day.

**CNite B Ashwath, Grade X
Best Student Teacher - Physics**

Children's Day

A day marking childhood was celebrated on a virtual platform by the students of KG and Grade 1 on 14 November 2021. The program began with a prayer followed by a speech of Pandit Jawaharlal Nehru. A video encapsulating a plethora of events -such as Children in Wonderland, Cookery show, Me in Future and Dance performance embellished the video. To highlight the importance of the day, an informative message was given by famous Cine artist Mr Arun Kumar. Principal Rev. Fr. Thomas Chennattusserry CMI, addressed the children and shared a few words

of wisdom. To make the day more special and entertaining, parents also expressed their token of love which was highly appreciated. The celebration came to an end with a vote of thanks. With such a vast arena of cultural events and fun filled activities, it proved to be a memorable day for the students.

Get, Set, Read! - An Online Reading Program

The Reading Program kick-started on 4 October 2021, targeting students from KG to Grade VIII. The Program was well planned with a weekly once reading session stretching to a duration of three months from October to December, setting a platform for the young minds to explore a new book every week, thus getting introduced to twelve new books by the end of the session. Stories or extracts from Getepic.com came as the major contributing source for the program. A little extra reading for the students other than school books helped to improve their reading skills by inculcating an interest in reading. The program also brought out other talents in them which included role plays, character analysis and reflections.

The Reading Program concluded in the second week of December with a final activity planned by the teachers. A winner from each section was selected and awarded the title of "Reading Rockstar". The program was a huge success with the active participation of the students who thoroughly enjoyed every session.

GRADE VI SENSATION

Grade VI students conducted their virtual Class Assembly on November 8, 2021. They used the limited technology they had at home to record several videos. The entire world has been on lockdown since the Covid-19 pandemic broke out. Even in the midst of these hard times, students of Grade VI were able to bring a smile to others' faces by organizing an event called *Emotions and the New Normal*.

Emotions, as we all know, are things that are difficult to manage. When one is bothered by something, it becomes worse. The sixth Graders, through their video, demonstrated that one can control negative emotions with the help of positive thoughts and hope. CNite Johan Eby Varghese gave an introduction, which was followed by a beautiful prayer song by CNite Manha Fathima. Some of the CNites shared their school memories, while others showcased their talents through songs, skits, and dance, and in each of these programmes, they shared positivity and vitality that made the audience feel more optimistic about the future.

The event provided an opportunity for teachers and students to reconnect. The new campus's atmosphere also helped the students feel at ease after such a long time away.

Celebrating Unique Kerala

Piravi Dinam is an occasion that marks the birth of Kerala state which is celebrated on the first of November every year. The students of Grade V celebrated this event with a special video highlighting the beauty of the amazing land, Kerala.

It was an honour to have Mr. Girish Puliyoor, a renowned poet from Kerala as the Chief Guest. In the video, he spoke on the culture of Kerala, its importance and the exquisite language of Malayalam. With that, the students spoke on the 14 districts of Kerala and their splendid tourist spots, ecosystems and their historical significance towards world trade and art forms. The video ended with a special mention to the different variety of artistic expressions present in Kerala, namely the dance forms of Bharatanatyam, Kathakali and Mohiniattam.

The video was truly a humble effort by the CNites to appreciate and value the culture of Kerala.

Festivals are Joy! Festivals are delightful!

Festivals are a good way to understand culture and tradition too. It is also a wonderful topic to sharpen the oral skills in the students which was well proven during UTSAV - CNIS Annual Educational Fair conducted online on 20 November 2021.

The students of Grades Pre- KG to IX participated in this event which allowed the scope of ample creativity and brought out their other talents of singing, dancing, playing instruments, enactments, storytelling etc. The students left no stone unturned to give a vivacious presentation.

Festivals from across the world were celebrated in different classes on the same day through UTSAV.

Selected students of Grades X, XI & XII shouldered the responsibility of hosting the event enabling them to hone their management & organisation skills. This helped in smooth execution of the event in a short time.

The event was a two-level competition. From the first level, held in the morning session, emerged the Star Performers of each section of all grades. The second level saw the Star Performers of each grade competing, in the evening session, for the title of Super Star Performer.

The declaration of Super Star Performer at 9:30 pm culminated the colourful and vibrant event which had kept the students, teachers and parents busy the whole day.

News from Kindergarten

Little munchkins of our Kindergarten celebrated Diwali in a grand way. All were adorned in traditional attires with diyas in their hands; a beautiful way of welcoming joy, peace and prosperity into their homes.

Jingle bells ringing, making it time for Christmas. Tiny tots are ready to celebrate this joyous occasion with their Christmas trees and Santas made by them under the guidance of their teachers. The smile on their faces holding their masterpieces is sure to spread joy, hope and happiness around.

Reading Program Grand Finale

The little shrimps were dressed up bringing their favourite characters to life from their stories. The little ones truly enjoyed playing their parts much more as they enjoyed reading the books. The grand finale ended with some winning the title of "Reading Rockstars".

Pursuit of Excellence!

The career guidance cell conducted a student motivational program titled "Pursuit of Excellence" on 21 September 2021 virtually.

The resource person of this program was Mr. Jibrael Jos, Adjunct Professor, Leadership Trainer, Theatre Practitioner and Facilitator from Bengaluru.

The presenter who himself is a source of motivation to students gave encouraging examples from his own life and inspired students to be confident and self-motivated. He discussed the importance of positive thinking and the need to build an attitude that would bring optimism into life so that such constructive changes will make one brighter and more successful. This program helped the students to be guided by a positive mind and be driven by self-motivation.

Junior School Christmas Celebration

Nothing else was needed to brighten up our new campus at Kazhakootam when the students of Junior School happily walked in wearing red attire.

A special assembly was held on 22 December 2021 to celebrate Christmas.

The little ones gathered in the amphitheatre and tried to follow all the instructions given to follow the safety protocol. They sat back and then enjoyed all the programmes presented.

The excitement of coming to school topped with Christmas celebration was easily noticed in each one's eyes.

Principal Rev. Fr. Thomas Chennattusserry CMI, gave his love and wishes to the Junior School students in his address.

A mass fun dance energised the staff and the students towards the end.

The day was open for parents of kindergarten students, along with their lovely ones, to visit the school campus. Many parents had grabbed the opportunity to meet the principal and the teachers.

As the little ones were overjoyed when the teachers gifted them a small Christmas tree tucked with toffee on it.

As part of the Outreach Program, parents of the CNites of Kindergarten and the Junior School played a fun filled game of Tambola. The proceeds of which were forwarded towards this years' Charity Mission of supporting the orphanages in the city.

The day ended with teachers and students extending warm wishes for the season.

Joy of Christmas with Hope of New Year

In these years of pandemic, life has taken a road unfamiliar. In the second year of online schooling, CNites have come together to celebrate Christmas and New Year and cherish the joy of togetherness amid social distancing. Last year, the CNites turned a challenge into an opportunity when the school

celebrated its Christmas and Annual Day in a video created for the community at CNIS. This year the students, teachers and the staff of CNIS have done the impossible again. To a script so elegantly written and shot, CNites have created a video celebration so vivid that it leaves the audience with the impression that they have just been to the celebrations at the two campuses of Kowdiar and Kazhakootam.

The video starts with the quote "Just a little..." which conveyed the idea that even in the midst of hard times we ought to do our best, however little it may be, to make the world better for those around us and to never lose hope as the New Year promises to bring with it Change which is inevitable and so much needed. The students brought the theme to life with their earnest talent. As in the beads of a rosary the events followed one another. The Chief Guest was Honourable Mar Thomas Tharayil, Auxiliary Bishop, Changanassery Archdiocese, who graced the celebrations with his presence and delivered an enlightening Christmas message and New Year wishes. The School Principal Rev Fr. Thomas Chennattusserry CMI, congratulated the team for bringing the spirit of Christmas into the celebrations, and wished everybody blessed holidays.

The cultural events were kicked off by a lively dance, followed by an entry into the new campus where dance forms from different cultures were performed, a testimony to the catholicity of the institution. Subsequently, the students performed the Nativity scene, the Christmas dance, and sung the song of New Year wishes. At a high note of prayers, gratitude and hope the celebrations drew to a close.

CNIS - OUTREACH PROGRAMME 2021-22

"Making one person smile can change the world. Maybe not the whole world but their world."

As we move towards new beginnings, let's remind ourselves of the social responsibility to do our little part to lessen the suffering of the marginalized and the underprivileged of our society.

As a charity drive this year, students and faculty members are invited to donate toys and stationery items (notebooks, pens, pencils, erasers, sketch pens, colouring books, name stickers, etc), for the orphanages in the city.

Monetary contributions for the noble cause can be made via online transfer to the charity account posted in the school's WhatsApp groups.

Let's all reach out and make a difference.

Items to be donated: Toys or Stationery

Please drop your donations at: CNIS Kowdiar Campus office

Last date: 31st January 2022

Drop off time: Monday - Friday (9:00 am to 3:00 pm)

Your donations will be greatly appreciated!

Kindly Note!

Online live and video classes will resume from **3 January 2022**

Third Term Fee is expected to be paid by **31 January 2022**

(Parents are requested to remit the previous fees dues, if any.)

Reviews and Examination

Class test II was held from 18 October to 29 October 2021 for Grades KG to IX. Except for a few subjects, it was mostly in the form of MCQs administered via Google forms.

Mid Review II for Grades X and XI was also held between 18 October and 29 October 2021.

From 29 November to 6 December 2021, Grade XII Review II was held.

Cambridge Examinations of November 2021 session started on 4 October and ended on 18 November 2021.

Mock Exam I (Grade X) as preparation for IGCSE March 2022 series was held from 9 December to 22 December 2021.

The Mid Review II of Grades KG to IX was held from 13 December to 22 December 2021.

Upcoming Reviews and Examination

AS/A Level Mock Examination I
IGCSE Mock Examination II
AS/A Level Mock Examination II
Class Test III
Mid Review III
Review for Kindergarten

Cambridge Board Exams March 2022 Sessions

- IGCSE Board Examination starts on 29 January 2022.
- AS Level Board Examination starts on 1 February 2022.
- A Level Board Examination starts on 3 February 2022.

Phase- 1 Admission 2022 to 2023

CNIS' Phase one admission for the academic year 2022 to 2023 was held on 11 December 2021 at the Kazhakootam Campus.

Around 53 applications were received from parents who had made a choice to be a part of the CNIS family. A team of around 10 teachers together with the Section heads played a vital role in the smooth running of the interview session. The teachers with their group effort made the interview process a memorable event for the newcomers. They were warmly welcomed and the whole procedure of the interview was conducted in a well-planned way.

The admissions are open for Grades KG-1 to XI. The second phase for the same was conducted on 18 December 2021.

Even during this adverse time, admissions were held following all the Covid protocols and further succeeded in introducing a new technique to find out readiness in kids.

For private circulation only.
